Join us for Workshop 2: Community Engaged Planning!

In **Workshop 2**, participants will hear from expert speakers about how to equitably and meaningfully engage community-based organizations from a project's conception to operations and maintenance. Learn community engagement best practices, budgeting for engagement and reciprocity and relationship building.

Who should attend?

- Local elected officials and commissioners
- City and County managers and staff
- Special districts, water districts, school district staff
- Other civic leaders involved in water and land-use planning

Workshop 2 Dates by Watershed Area, 10AM - 12PM PST (all):

REGISTER:
watershedhealth.org/watertalks-workshop-2

Note that although attendees are encouraged to register for workshops specific to their watershed region, all are invited and welcome to register for any date and time that best fits their schedule.
